

# Creating A Website

Need a website?

Want to start a website?

This ebook tutorial will show you how to build your website in minutes.

Let's take a look inside...

## Step One: Choosing A Design

The screenshot shows the Homestead website design selection interface. At the top, it says "An Intuit Company" and "homestead" with the tagline "Get a site. Get found. Get customers." and the phone number "1-800-710-1998". Below this is a progress bar with three steps: "1 Choose Design", "2 Customize it", and "3 Publish it".

The main content area is titled "All Designs" and features a search bar and a "Watch Tutorial" button. A note states: "Note: You can customize these templates later by changing colors, uploading your own images, changing backgrounds, etc." Below this, there is a grid of design thumbnails, each with a title and a preview image. The thumbnails include:

- House Hunting
- Rusty Thai
- Photo Album: Grey
- Faithfully
- Fade to Black
- Huskies: Purple
- Island Paradise...
- Arch-techno
- Futuristic

At the bottom of the grid, there is a pagination bar showing "1 2 3 4 5 6 7 8 9 10 ... 244 Next".

On the left side, there is a "Categories" list with the following items:

- Italian
- Japanese
- Mexican
